## STAR: Students Together Assisting Refugees

- New School Year
- Assembling COVID Kits

### NEW SCHOOL YEAR

This club year started off with over 100 sign ups for STAR (Students Together Assisting Refugees). After a successful club fair, STAR had its first meeting where we went over STAR plans.

The ideas for STAR included: fundraisers, drives, meeting refugees, and more. Some videos that STAR members voted to share on our newsletter include:

[Most Shocking Second a Day Video](#)

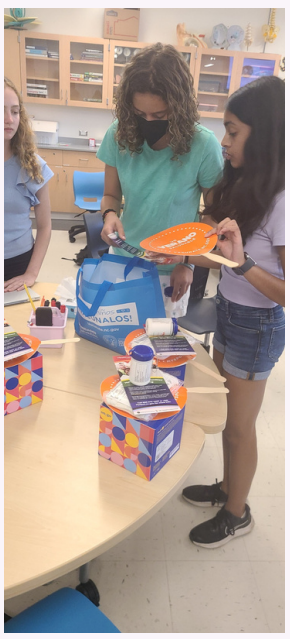

[What is a Refugee?](#)

In the second meeting of the 2022-2023 school year, STAR club members assembled COVID-19 kits for CWS Durham. These kits were for new refugees and included at-home COVID tests to help aid them. CWS Durham, a local organization, helped provide STAR the materials to assemble these kits for the clients.

See pictures below:

## ASSEMBLING COVID-19 KITS
